30 KÜNSTLER RÄUME

2012 Year of Art IN NUREMBERG

**MARCH 17 TO JUNE 17, 2012 // "30 ARTISTS / 30 ROOMS"
// NEUES MUSEUM // KUNSTHALLE NÜRNBERG //
INSTITUTE FOR MODERN ART // KUNSTVEREIN NÜRNBERG
- ALBRECHT-DÜRER GESELLSCHAFT**

For the first time in Nuremberg, four contemporary art institutions will cooperate together on a joint exhibit. Featuring "positions" from 30 international artists, "30 Artists / 30 Rooms" will show the multifaceted and versatile ways in which those creating art today approach the concept of the room.

APRIL 19 TO JUNE 24, 2012 // "AND THE WINNER IS ... "

The exhibit in the Kunstvilla presents 24 former Academy students who, since 1983, have been nominated for the national student art award. The show will offer not only a wide spectrum of creative work, but also show the influence of the Nuremberg Academy on the regional and national art scene.

MAY 10 TO JULY 22, 2012 // BETWIXT

The exhibit displays the work of ca. 30 Academy graduates who have established themselves today in the national and international art scene. The 6,000 m2 show at "Auf AEG" will present the work of young artists outside the traditional museum setting.

**MAY 16 TO SEPTEMBER 2, 2012 // 350 YEARS
OF THE ART ACADEMY IN NUREMBERG - THE
BAROQUE AGE IN THE CITY OF ALBRECHT DÜRER**

In an exhibit in the City Museum Fembohaus, the Paintings and Sculpture Collection of the Nuremberg Municipal Museums will detail the history of the Academy of Fine Arts from its founding in 1662 until 1800.

In 2012 in Nuremberg, it's all about art ... for two reasons: The Academy of Fine Arts in Nuremberg, the oldest art academy in Germany, will celebrate its 350th anniversary. Beginning May 24, 2012, the Germanisches Nationalmuseum will present the largest Albrecht Dürer exhibit in Germany in the last 40 years. That's reason enough to focus on art the whole year 'round.

**MAY 19, 2012 // "BLAUE NACHT" - GERMANY'S LARGEST
NIGHT OF ART AND CULTURE. 50 ART INSTITUTIONS,
PROJECTS AND COMPETITIONS WITH THE MOTTO
"MASTERFUL"**

www.blauenacht.nuernberg.de

**MAY 24 TO SEPTEMBER 2, 2012 // "THE EARLY DÜRER"
- THE LARGEST DÜRER EXHIBIT IN GERMANY IN THE
LAST 40 YEARS**

For the first time ever, a large exhibit will focus on the early work of Dürer and the personal biography and environment that made the art of the young painter possible.

**SOMMER 2012 // OPENING OF THE "DÜRER ROOM" IN
THE ALBRECHT DÜRER HOUSE**

Highlight of the new concept of the house is the opening of the "Dürer Room", in which a new permanent exhibit of historically-relevant copies of the most important paintings of the artist can be seen: the Dürer House is transformed into a Dürer Museum.

BEGINNING IN JULY // DÜRER'S NEIGHBORHOOD

An enhancement to the exhibit in the Germanisches Nationalmuseum, this open-air presentation in the Burgstraße of the Old Town focuses on the question of how important Dürer's neighborhood - and its network of friends, patrons and free thinkers - was for his career.

**JULY 5 TO SEPTEMBER 16, 2012 //
"GEARTETE KUNST" - THE NUREMBERG ART
ACADEMY IN THE THIRD REICH**

The exhibit in the Documentation Centre Nazi Party Rally Grounds explores the role of the

Academy in the time of National Socialism. How deep were the ties between the Academy and the Nazi regime? Was freedom of art possible?

**AUGUST 3 TO 5, 2012 // DÜRERS TRIUMPHAL PROCESSION
- THE NUREMBERG CITY HALL**

An unknown Dürer? In the Nuremberg Old City Hall Council Chamber, Dürer's forgotten series of wall paintings, commissioned in 1521, will be projected back to life. This trip back in time will give a glimpse of the original wall frescos, formerly undiscovered images of the work and the changes made by later generations.

**NOVEMBER 9 TO DECEMBER 9, 2012 / DECEMBER 14,
2012 TO JANUARY 20, 2013 // "ON WITH THE SHOW" ...
THE ACADEMY OF FINE ARTS IN THE NEUES MUSEUM**

Concentrating on such diverse media as painting and sculpture, art in public spaces, architecture and city planning, graphic design and visual communication or gold- and silversmithing, 14 Art Academy classes will present their work as part of the Neues Museum's /prospect/ exhibit series.
